**NOTICE OF PUBLIC COMMENT PERIOD REGARDING AN
APPLICATION TO MODIFY A PERMIT TO CONSTRUCT AND OPERATE
AN AIR POLLUTION-EMITTING SOURCE**

PROPOSED ACTION: Glanbia Foods, Inc., Gooding, Idaho applied to the Department of Environmental Quality (DEQ) to modify its permit to construct and operate an air pollution-emitting source located at 1728 South 2300 East, Gooding, ID. DEQ has determined that construction and operation according to the proposed modified permit will not cause or significantly contribute to a violation of any ambient air quality standard and will not injure or unreasonably affect human, animal life or vegetation. DEQ has reviewed the application and completed an analysis of the information submitted by the applicant to increase biogas production from the anaerobic digester, allow biogas to be combusted in full-time Boilers No. 2 and No. 3 for steam generation, and allow the combustion of biogas in auxiliary Boiler No.5 concurrently with the flare. Based on this analysis, DEQ proposes to issue the modified permit to construct to Glanbia Foods, Inc., Gooding.

PUBLIC COMMENT PERIOD: Notice is given that the DEQ has scheduled a period to receive public comments under Docket No. AQ - 0824, Project No. P-2008.0114 concerning only the proposed modified terms in accordance with IDAPA 58.01.01.209. A package containing the information submitted by the applicant, DEQ's analysis, and the proposed modified permit is available for public review on DEQ's website at <http://www.deq.idaho.gov>.

Anyone may submit written comment regarding the project and proposed modified permit.
